I am a motivated person who loves to learn new programming languages and to find new ways to create projects. It gives me energy to collaborate with co-workers to construct unique projects, but I can also work independently.

## STUDIES

### **BACHELOR TOEGEPASTE INFORMATICA**, THOMAS MORE GEEL

Since 2019

### **SPORT-WETENSCHAPPEN**, KAMSA AARSCHOT

2011-2019

## EXPERIENCE

SEPTEMBER 2021 – DECEMBER 2021

### **ERASMUS INFORMATION TECHNOLOGY**, JAMK FINLAND

Being an exchange student I didn't just met new people, I also learned to think different. As a stranger I had to adjust myself without losing the real me. Not everything is equally important, so it is useful to find out how others work in different countries.

2018 – HEDEN

### **LIFEGUARD**, SWIMMING POOL DE BEELTJES WESTERLO

Working as a lifeguard, I came into an environment where I had to be openminded and conflict solving. At this place I learned working in team but also to take initiative and leadership at the right time.

### **EXTRA PROJECTEN**

- Website with Tailwind CSS
- Interactive map that shows data from 1836 link: [https://michielve.be/Map\\_data/index.html](https://michielve.be/Map_data/index.html)
